SOUTH CAROLINA, March 17th, 1930: The plants have all come and we are ready to send check. Are more than pleased with the stock you have sent us and think you have been extremely generous with the grades.

INDIANA, March 17th, 1930: The order arrived in fine shape and I wish to thank you for the fine stock.

KANSAS, March 10th, 1930: Stock is here and unpacked. Everything looks good and it just makes us think that every time we get anything from the Chases it is as it should be. It grades good and the count is all right and altogether it is a nice lot of nursery stock. It looks as if the Chases have both the ability and the disposition to run the nursery business right. We are pleased with the whole order.

MISSOURI, March 10th, 1930: Nice Evergreens you are shipping us (two cars). Let us have some more as soon as possible.

Abelia seems to be the hardiest of broad leaved evergreens with us. While the low temperatures of the past winter took the leaves, they are breaking vigorously and are in good condition for planting now.
